Description of problem that CONTINUES TO EXIST: list only one problem	Repair Visits	Date In	Date Out	Mileage
The transmission shifts down into lower gears at highway speeds and will not return to normal operation unless I pull off the roadway, stop the engine and restart it. This has happened repeatedly and causes an extremely dangerous situation while I am towing my trailer with equipment, which I do all the time as part of my business. I have taken the vehicle in several times and the last time I was told that it could not be fixed.	1st visit	09/08/15	09/08/15	13,928
